Oman Water Week to be held from Jan 22

Dr. Waleed al Zuberi

Muscat - To support the future of the water sector in the sultanate, Nama Water Services will organise Oman Water Week from January 22 to 24.

Oman Water Week will be a transformative event bringing together professionals, policymakers, researchers and experts from the water sector. Focused on shaping a sustainable future, the conference will serve as a platform for knowledge exchange, innovation and collaboration.

The event will also highlight how Oman can transform its water sector to become more resilient, sustainable, flexible and efficient.

The event will cover a wide range of topics, including the impact of climate change on water resources, new technologies and approaches to water management, and the use of water as a source of energy.

There will also be discussions on the legal and political aspects of water management, and how public-private partnerships can help improve water infrastructure.

Oais bin Saud al Zakwani, CEO of Nama Water Services, stated that the sultanate is committed to a sustainable economy and has developed a road map to achieve net zero by 2050 through strategic initiatives aimed at reducing the carbon footprint in the key economic sectors and building a sustainable future.

About us

Oman Water Week is a transformative event that brings together professionals, policymakers, researchers, and experts from the water sector. With a strong focus on shaping a sustainable future, the conference serves as a platform for knowledge exchange, innovation, and collaboration. Oman Water Week will take place at the Oman Convention & Exhibition Center. CLA-VAL Europe will welcome you from 22 to 24 January 2026 on our stand E 315 with our local partner Al Rouba.

Our CLA-VAL specialist Mr. Christophe Piro will attend and share the latest innovations from CLA-VAL and answer any questions about our products.

Oman Water Week discusses efficiency of water sector

22 Jan 2024

Muscat - As many as 500 participants, among them 80 speakers and representatives of 30 local and international companies, have gathered in Muscat for the Oman Water Week celebration, which kicked off on Monday at Oman Convention and Exhibition Centre.

The Week, which opened under the auspices of H.E. Dr. Saïd Hamoud al-Habai, Minister of Agriculture, Fisheries and Water Resources, is set to address Oman's water challenges, while deliberating on ways to improve local competencies and transfer knowledge and expertise.

The event will explore the latest technologies and innovations with the prime objective of providing sustainable solutions to water challenges, raising environmental awareness and devising a roadmap for sustainable development in Oman.

"أسبوع عُمان للمياه" تستعرض التقنيات الحديثة للتغلب على التحديات وتعزيز الاستدامة

23 يناير 2024 الساعة 08:48 بتوقيت مسقط

مسقط - الشهابية

بدأت أمس بمركز عُمان لل المؤتمرات والمعارض فعاليات "أسبوع عُمان للمياه"، بمشاركة أكثر من 60 متحدثاً، و30 شركة محلية وعالمية، و500 مشارك من المختصين في مجال المياه من مختلف دول العالم.

ويهدف "أسبوع عُمان للمياه" إلى وضع أجندة لمواجهة تحديات المياه في سلطنة عُمان، وبناء الكفاءات والقدرات المحلية ونقل المعرفة والخبرات، إضافة إلى عرض أحدث التقنيات والابتكارات في قطاع المياه للمساهمة في رفع الوعي المجتمعي، وتقديم حلول مستدامة لتحديات المياه، ووضع خارطة طريق للتعبئة للاستدامة في سلطنة عُمان.

وتشمل أعمال الأسبوع عدة محاور منها، سياسات واستراتيجيات المياه في سلطنة عُمان، وإدارة المياه، والاقتصاد الدائري، والوصول لكفاءة التشغيل، والتحديات المستدامة في قطاع المياه، والتحول الرقمي، وتطبيقات الذكاء الاصطناعي، ونظم الإدارة والتحكم.

ويتضمن الأسبوع جلسات نقاشية وحلقات عمل تقنية تتعلق بقطاع المياه، ومعرض مصاحب لعرض الابتكارات والتقنيات في هذا القطاع، والذي يتيح للمشاركين والخبراء والمختصين الفرصة لتبادل المعرفة، والمشاركة في تشكيل مستقبل المياه.

رعى افتتاح أعمال الأسبوع معالي الدكتور سعود بن حمود الجعفي وزير الزراعة والسمكية وموارد المياه.
